## BOEING™ ASSEMBLY PLANT TOUR INCLUDES

### *Boeing™ 787,® 777® & 747® Assembly Plant and Future of Flight Aviation Center*

Witness the awe-inspiring process of jumbo jet assembly up close inside the world's largest building (472 million cubic feet by volume). Relax in the new 240-seat theater and watch a dramatic time-lapse film of the complete assembly of a Boeing 777 airplane. See several planes in various stages of assembly and manufacture for airline customers around the world. Drive by the flight line for a look at completed aircraft as they are readied for painting and testing before final delivery.

From the tour balcony visitors can see airplanes under various stages of construction.

## FUTURE OF FLIGHT AVIATION CENTER

Explore the new, spacious Aviation Center through interactive exhibits and learn about the newest developments in the airline industry. Design your own cutting-edge aircraft and ride the exhilarating two passenger XJ5 Flight Simulator\*. Enjoy a panoramic view of Paine Field and the Cascade mountain range from the outdoor observation deck. Visit The Boeing Store for authentic Boeing clothing and souvenirs.

*Visitors have time to discover the many informative exhibits.  
\*There is an additional charge to ride in the  
XJ5 Flight Simulator.*

### *Please Remember*

Children must be at least 4 feet (122 cm) tall to go on the tour. No personal items are allowed on the tour, including purses, backpacks, binoculars, cell phones and cameras (photos and videos not allowed). Lockers are available. Restrooms are not available during the one hour Boeing Assembly Plant Tour. The Boeing Assembly Plant Tour requires a short walk with 21 stairs; the tour can be done by wheelchair with 7 days advance notice.
