

Notes and Errata

IMPROVED VERSION OF PARLOUR GAME, Reader Built It, August, 1969, page 109. On Bank No. 2, the contact representing "one counter remaining" (No. 6 counting anti-clockwise) should be joined to the three adjacent contacts, Nos. 7, 8 and 9. On Bank No. 3, the connection from the battery positive line to the centre contact of S1b should connect, instead, to the right-hand contact.

CRYSTAL DRIVE CLOCK UNIT, Part Two, July, 1969, page 40. We have been advised by the Postmaster-General's Department that a new schedule of VNG time signals came into operation recently.

MHz (DSB)	Transmission Times E.A.S.T.
4.500	1945 - 0730
7.500	0845 - 0830
12.000	0745 - 1930

Also, the power of all transmissions has increased from 1KW to 10KW. ■
