

LAB HAZARD

RATING SYSTEM

Use this system to quickly and easily identify the risks posed by exposure or prolonged contact to this research group.

Health Hazard

- 4 - Major emotional/career injury likely.
- 3 - Temporary incapacitation of productivity.
- 2 - Chronic exposure causes minor residual psychological damage.
- 1 - May experience irritation.
- 0 - No hazard beyond pre-existing self-esteem issues.

Air Conditioning Hazard

- 4 - Near-hell conditions
- 3 - Unbearably hot.
- 2 - Risk of spontaneous combustion.
- 1 - Moderate heat/risk of vaporization.
- 0 - A/C out of control. High risk of sub-zero temperatures and frost-bite.

Special Hazards

- "BIO" - Smelly co-worker(s)
- "COR" - Corrosive environment. Backstabbing reactions may occur.
- "BLM" - Bitter Lab Manager
- "PRO" - Frequent procrastination activity.
- "FWD" - Incessant forwarding of unamusing e-mail jokes.

Advisor Reactivity

- 4 - May detonate.
- 3 - Readily capable of explosive decomposition.
- 2 - Undergoes changes at elevated pressures.
- 1 - Somewhat stable under normal conditions.
- 0 - Won't return e-mails.
